Jackie Green

Native to Colorado, my face painting humble beginnings were self-taught over 17 years ago, and expanded into body painting over 7 years ago. My skills have been advanced through the attendance of the International Face and Body Art Conventions where I have made countless, wonderful friends, and gained knowledge to greatly advance my skills.

My experience includes painting for Bud Light/Maxim, I've assisted at a Captain Morgan promo in Chicago, painted on Hollywood's nationally syndicated show, "I've Got a Secret," body painted for Cirque du Soleil's performer's private party, I will be a body artist for a second time at the Body Art Ball, a promotional event founded by Tuaca, and painted for several big name local events.

A first, second and third place winner of International painting competitions, I have always loved art, and especially painting. My beginnings in this business were very non-intentional when I began painting my daughter and her friends. Common knowledge applied; do what you love and success will follow. My passion became much more than a hobby, it became a strong business.

I have instructed locally and soon will be traveling teaching within the U.S., have a team of painters when required for larger jobs, and hope to pursue my dream full time as I set myself up for a passionate journey with limitless boundaries.

"In the middle of difficulty lies opportunity."
